RE: File # 2004-02784, 19 Ked Rd, Concord
Tax Map/Lot # 112B / 1; Block 4

Dear Mr. Savoie:

On December 28, 2004 the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") inspected a property located at 19 Ked Rd, Concord ("the Property"). The purpose of this inspection was to determine whether violations of RSA 482-A and Administrative Rules Wt 100-800 had occurred on the Property.

At inspection, the following violation was observed:

1. Sediment was caused to be placed on a stream bed. A culvert receiving water from the Property, more specifically the culvert south of Ked Drive running west to east under Josiah Bartlett Road, transported sediment from the Property to the stream on the east side of Josiah Bartlett Road.

This Notice of Past Violation ("Notice") is to inform you that the violations referenced above have been documented and will be maintained on file at DES. Correspondence with you as well as observations during the site inspection has revealed that the sedimentation issue has been resolved with stabilization of the site including installation of appropriate erosion controls. No further action is required of you relative to these violations and DES will take no further enforcement action at this time. This Notice is being sent to help you avoid similar violations in the future so as to protect wetlands and surface waters from unregulated despoliation before violations occur.

In an effort to promote better understanding and compliance with wetlands laws and rules, DES provides an "inspector of the day" service available to the public to address technical questions related to wetlands regulation. This service is available Monday through Friday, 8:00am to 4:00 pm by calling (603) 271-2147. DES encourages you to make use of this service as well as our website (<http://www.des.nh.gov/wetlands.htm>) before undertaking future work on your property.

If you have any questions regarding this matter, please feel free to contact Stacey P. Herbold at sherbold@des.state.nh.us or (603) 271-4062.

Sincerely,

COPY
